Discover the mysteries of Maussane !

Here are a few photos of the village it's your turn to play !

I am produced by mixing 5 varieties of olives. I season your salads and the specialities you discover during your holidays in Maussane.

WHO AM I ?

Emblem of the village, I represent the 4 seasons. On the terraces around me, you can savour ice creams or write postal cards.

WHO AM I ?

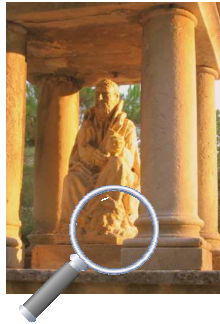

In the past, women used me to wash their linen. I also supplied water to the inhabitants because there was no tap water in the houses at that time.

WHO AM I ?

Green or black, split or candied, I am excellent ! I can be found at aperitif time or in the provençal cuisine .

WHO AM I ?

Built in 1852, I pay homage to patron saint of shepherds. I am alongside the road coming down the Alpilles .

WHO AM I ?

I measure 5m x 5 m and weight more than 6 tonnes. I was built with stones coming from all the French departments.

WHO AM I ?

Every Thursday morning, I settle down on the square of the village and my stalls offer the best produces of Provence.

WHO AM I ?

In the heart of Alpilles Natural Park , I am a charming village ...

WHO AM I ?

Built in 1754, thanks to generosity of Lord Laugier de Monblan, I sit in the center of the village.
